Take Advantage of The Opportunity

Advertise in the Expo Platform, and gain visibility.

BACKGROUND OF THE PROGRAM

APPS2022 is the largest virtual PropTech event for the APAC region. The Asia Pacific PropTech Summit 2022 will be held from 24-25 November 2022 and is organized by the Malaysia PropTech Association, together with our APAC PropTech partners, in conjunction and broadcasted on www.unissu.com (Unissu Ltd) from the United Kingdom, a platform "shaping the future of real estate".

PropTech (Property Technology) is a fast-growing industry with digital solutions for one of the largest industries in the world, the property industry. According to JLL, a global real estate services company; PropTech startups have grown 300% over the last 12 months creating a total of USD 9.7 billion in funding activities in Q1 2021.

APPS2022 is an event for the complete property, real estate, and built industry under the roof of technology. It's the place to meet and greet real estate professionals and PropTech players/solution providers. But also enough to sniff around for the curious students and PropTech enthusiasts looking at the industry as a career opportunity.

The APAC region is extremely active when it comes to PropTech, mainly because of the number of large-scale property projects in the region.

APPS2022 will focus on five main verticals - Plan, Construct, Transact, Manage, and Educate. The event will host renowned industry specialists and subject experts, sharing their knowledge and vast experience with the event delegates.

APPS2022 is a unique opportunity for stakeholders of the property and proptech industries to mingle, discuss, collaborate, purchase & sell, and seek enticing partnerships.

WHAT TO EXPECT?
